K9 Corporate Services Ltd provide a fully insured, efficient and cost effective dedicated patrol of your site. We provide a visible presence when your site is most vulnerable and offer a fast and effective key holding and alarm response service to any alarmed location.

Our clients are seeking greater value from their expenditure on business services, particularly in security provision. We are dedicated to the commercial sector and continually improve our practices to provide the highest quality and competitively priced service.

As you will no doubt be aware licensing and regulation of the Security Industry is taking shape and as an organisation we are working hard towards achieving goals which should see a more vibrant and professional industry in the future. It is estimated that of the thousands of security companies currently in business many will fail to achieve the required standards of regulation and licensing.

Can you be confident that your current provider will meet the Security Industry Authority's standards in the coming months? If you, like many other business leaders, have the doubts then please contact us on 0151 424 6555 to arrange a no obligation consultation.

Working with Merseyside Police

Leo a member of the our Detection team and his two handlers were recently featured in Specials Magazine as they worked alongside Merseyside Police on Operation City Plan.

Operation City Plan used both Special Constables and regular Police Officers to provide a visible presence around Liverpool's bars and clubs, deterring antisocial behaviour, violence and drug use

Supporting Greater Manchester Police

Our K9 Specialist Handlers have also recently been supporting Greater Manchester Police with Operation Poro. Mike Lindup of Greater Manchester Police had these words to say about our involvement

"I am just taking this opportunity to express my thanks and also on behalf of the B3 Area Policing Team (Rushmore, Fallowfield, Whalley Range) for your support during Operation Poro on the 9 dates between September 08 and January 09. Both Lou and yourself acted in a professional and courteous manner at all times. Without the assistance of you and your dogs, the operation would not have been such a success. Briefly, the incidents of antisocial behaviour, violent crime and drug associated crime have decreased significantly in the areas that have been targeted"

About K9 Corporate Services

Alpha K9 Specialist Handlers Ltd (Alpha K9) is acknowledged for consistently maintaining the highest standard for Dog Patrol Teams. We specialise in providing Dog Patrol Teams throughout the UK. All our staff hold full Security Industry Authority (SIA) licences and undergo a comprehensive and continuing training programme. We are also working towards the SIA's own Approved Contractor Scheme (ACS).

Our pragmatic approach to any assignment, coupled with a 'hands on' Senior Management Team, ensures that you receive quality through continuity. Here at Alpha K9

we fully appreciate that when you are selecting a security supplier, you need complete confidence that the chosen company will not only match your requirements and maintain the highest service levels but also provide your organisation with the tangible benefits of working in partnership with a quality service provider. Consequently we are able to build close relationships with our many clients.

Understanding individual differences is the very foundation of our service. Each assignment is supported by our 24 hour control room, enabling our Security Officers to respond and deal with incidents as soon as they arise.

Our Mobile Support Supervisors will attend to assist our Security Officers and/or the Emergency Services in dealing with any situation. These Mobile Support Supervisors are dispatched by our Control Room in order to contain or defuse the situation and will not leave until the incident has been closed off satisfactorily.

Our clients include both SMEs and public companies, as well as local authorities. We currently have contacts working with Immigration Centres around the country. We also work in collaboration with Cheshire, Greater Manchester and Merseyside Police.

We recognise the need for high quality security in running any enterprise, regardless of scale. Alpha K9 is dedicated to creating a safe and secure environment in which your business can flourish. We aim to provide support in a wide range of security related services and we firmly believe that Alpha K9 can provide you with the quality service that you and your organisation require.

Main areas of work

Alpha K9 can provide a random, dedicated patrol of your site, showing a presence when it is at its most vulnerable, or a fast and effective Key Holding and Alarm Response Service to any location. Your security concerns through the twilight hours, weekends and Bank Holidays, your worries about fire or flood damage and the security of vital plant and machinery can all be eased by the effective use of our Professional Mobile Security Patrols.

We also have considerable experience in providing security at large public gatherings and prestigious events including festivals.

Alpha K9 can support your operation by taking the stress and worry from attending your site at night or at weekends when lone workers are most vulnerable. We can provide a cost effective lock/unlock service for your premises, allowing more time for your Management to concentrate on your business.

Staff Training

All our staff are fully vetted and licensed by the Security Industry Authority (SIA). Alpha K9 is working towards ISO9001 and the SIA's own Approved Contractor Scheme (ACS). Our staff also undergo continuing assessment and 'on the job' training.

We are members of the National Association of Security Dog Users (NASDU) and National Training Inspectorate for Professional Dog Users (NTIPDU), where all our dog handlers are certified.
